

LIFE PLAN FOR MEN

WHAT IS A LIFE PLAN?

- A Life Plan is a personal, strategic operating plan intended to put men on a path to discovering and fulfilling your God-given purpose.
- It will help you explore your unique design, talents, and heart and guide you to the opportunities where you can best make your unique contribution.
- I am trained and certified through The Paterson Center, based in Boulder, Co. More than 3,000 people have trusted a Paterson Center facilitator to equip them with a Life Plan.

HOW DOES THE PROCESS WORK?

Prior to Life Plan

- We'll have a brief, initial screening call to determine if now is a good time for your Life Plan.
- If we agree to move forward, I'll give you pre-work to complete about one week before you arrive for your initial Life Plan session.

Life Plan Sessions

- We'll need two full days for your Life Plan sessions. Life Plans are best scheduled on back-to-back Saturdays. We'll start at about 9 a.m. each day and finish at about 4:30 p.m. I'll provide coffee, water, snacks and lunch each day.
- Venue can be your home, a neutral site or my home office in Gilberts, which is minutes from I-90 and adjacent to Huntley, Algonquin, and Elgin.
- Both days will be energizing, collaborative and intense. All of your information will be kept strictly confidential and shared only with those people you choose.

Continued on next page

- I'll guide you through 20 proven Paterson Center tools and processes:
 - You'll get a full perspective of every area of your life (personal, family, vocation, community, faith).
 - You'll create your unique Life Plan.
 - You'll have clear steps to turn your vision and purpose into reality.
 - And you'll have proven tools to renew and refresh your Life Plan into the future.
- As we build your Life Plan, you'll receive a both a digital version and leather-bound "playbook" which is your personal copy of the Life Plan and all of the work we do together.

HOW MUCH DOES IT COST?

- The fee is \$4,000. Checks and major credit cards are accepted.
